**“I love Liguria but am always surprised that when I tell people in Britain that I’m going there, they look blank then slightly puzzled” – let Rosie Whitehouse show you around Italy’s forgotten gem.**

- Revel in Liguria’s thriving foodie culture and learn what makes the perfect pesto.
- Discover Genoa through the eyes of literary greats – from Charles Dickens and Henry James to Dylan Thomas.
- Explore the picture-perfect villages of the Cinque Terre via the only transport that matters – your own two feet.

“Working on the new edition of this book has been a great experience and has given me a chance to go out and meet some fascinating people, many of whom are running small businesses and trying to save the traditional industries and products that have made this region different from the rest of Italy,” says Rosie Whitehouse. “I have come back laden with jams, olives and basil plants.”

### About the author

**Rosie Whitehouse** developed a love of travel when her parents bundled the family in the car and drove to Liguria in the summer of 1966. When her eldest son was just a month old she made her second trip to Liguria and fell in love with it. Thirty years later, Rosie now knows the place like the back of her hand. There is a long family connection with the region and Rosie spends part of the year in the house that her husband's family have owned for over 45 years.
