- Explore tiny, unspoilt beaches and coves far from the tourist trail.
- Imagine roaring crowds of the past as you approach the ancient stadium at Olympia, and read yourself for an appearance in Greece’s best-preserved theatre at Epidavros.
- Wander around Nafplio’s maze of designer shops and local craft galleries, for a bit of a modern twist on this classic region.

Andrew Bostock says, of writing the new edition of *Greece: The Peloponnese*: “In the introduction to the first edition I wrote that it was an exciting time to be writing a guidebook. It has only become more so.”

About the author

Andrew Bostock first travelled to the Peloponnese as a 15-year-old backpacker. He kept coming back with various companions before moving there with his pregnant partner in 2005 - their daughter was born in Kalamata. Andrew spent the next five years guiding tours around the area, exploring its lesser-known bits and writing about it for magazines and newspapers. The first edition of his Bradt guide was published in 2010. The family return to Greece most years and dream about the olive groves, mountains and the sea when they are not there.

This edition has been updated by **Philip Briggs**, one of the world’s most experienced and prolific guidebook writers. Researching this new edition of the Peloponnese fulfilled a longstanding dream of exploring the historical sites of Greece and the likes of Delphi, Olympus and Mystra didn’t disappoint.
