Suitable for all ages, the illustrations can be coloured in – or simply admired alongside detailed captions that offer insights into the threats faced by so many wild creatures today.

**Jonathan and Angela Scott** are award-winning wildlife photographers, TV presenters, passionate conservationists and authors of 35 books. Resident in East Africa for decades, the Scotts are closely involved with the safari industry as hosts and educators, and have an unparalleled knowledge of Africa's animals and birds. As talented artists who love to draw – their pen-and-ink drawings have illustrated many of their books and been published as limited-edition prints – the Scotts consider the *Sacred Nature Safari Colouring Book* a perfect way for them to share their love and passion for Africa's wildlife while highlighting threats to its existence. Part of the proceeds from sales will benefit Sacred Nature Initiative projects.
