

CAMPING ROAD TRIPS BRITAIN

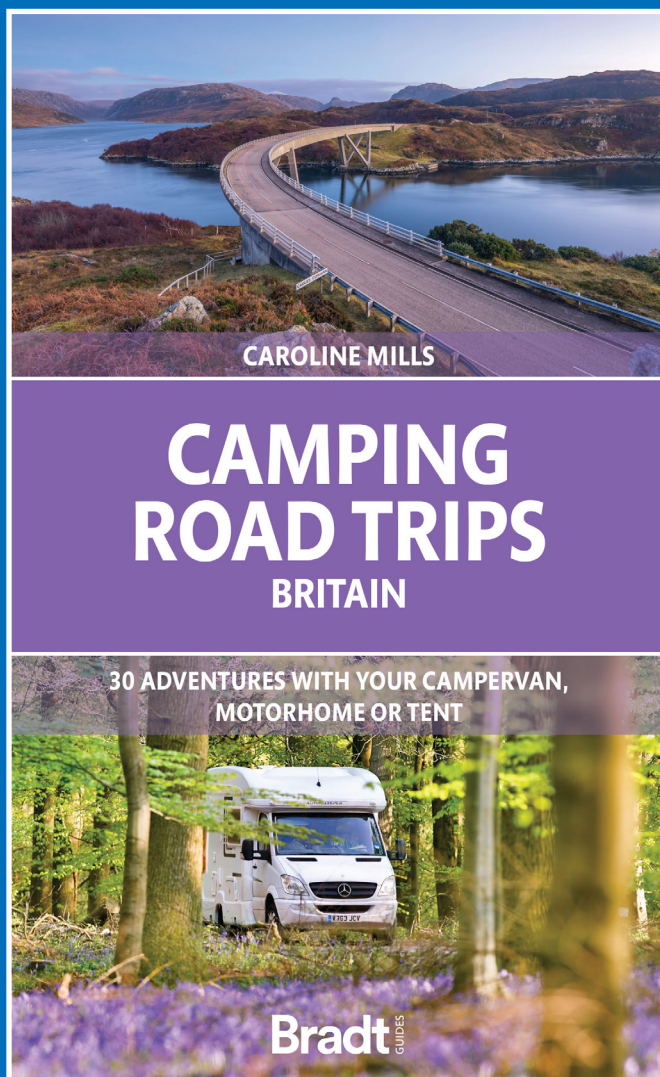

30 ADVENTURES WITH YOUR CAMPERVAN, MOTORHOME OR TENT BY CAROLINE MILLS

A personal selection of fantastic road trips by one of the country's most experienced camping writers.

- Popularity of campervans/motorhomes has surged since the pandemic
- Unusually in motorcaravanning industry, written by woman driving alone
- Combines well-known destinations (but out of season) with off-the-beaten track locations
- Companion volume to same author's *Camping Road Trips: France and Germany* (also Bradt)

Camping Road Trips: Britain showcases a personal selection of 30 road trips throughout the UK and Jersey, all suitable for campervans, motorhomes, long-distance cyclists... and any other road user who likes camping. All have been handpicked by experienced travel writer Caroline Mills, who has over 20 years' experience of camping, caravanning and motorcaravanning.

Collectively the routes explore some of the UK's very best scenery – from coastal views and mountains, forests and national parks, vineyards, lakesides and riverbanks, to pastoral idylls, wilderness and vibrant cities brimming with architectural heritage. They follow rural lanes, mountain roads with cautiously exciting hairpin bends, national A-roads of historic note and the odd official touring route such as Scotland's famous North Coast 500. Routes allow time to explore unexpected destinations, while well-known places are here visited out-of-season to avoid congestion and encourage year-round camping.
