

# GABON

Sean Connolly

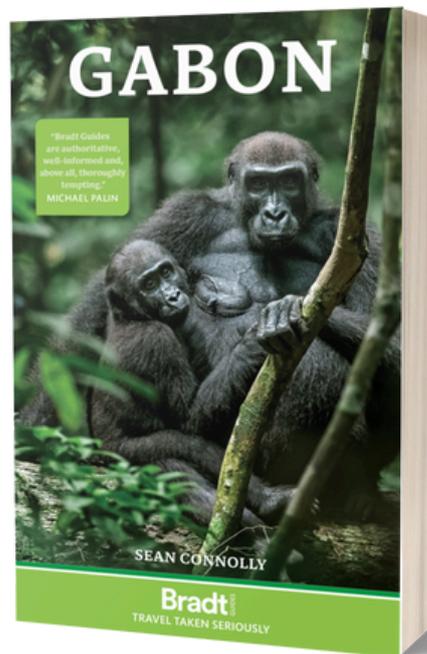

The thoroughly updated third edition of Bradt's Gabon remains the only standalone English-language guidebook to what is considered by many to be 'Africa's last Eden', thanks to its sparse population in one of the world's most densely forested countries. In this ecotourist's paradise – featuring 'surfing' hippos, immense mandrill gatherings, gorilla-tracking, Africa's largest forest elephant population and turtle nesting-beaches – adventurous visitors to this Central African country come face-to-face with nature in its rawest, wildest, most untouched form.

## KEY SALES POINTS

- Still the only dedicated English-language guide to the country
- Increasing tourism was an issue in the 2025 elections, which marked a return to stable civilian rule
- Ideal for wildlife enthusiasts, Africa aficionados and completists, and overlanders travelling along Africa's west coast
